LOGAN COUNTY  
ENGINEER'S OFFICE

# ROAD CONSTRUCTION UPDATE

For Immediate Release: Friday, May 14, 2010

## County Roads 286 and 272 to be Sealed with Reclamite Rejuvenating Sealer

The Logan County Engineer's Office announces that the Pavement Technology Inc. will be sealing the following county roads. The scheduled construction dates are Wednesday, May 19 and Thursday, May 20, 2010, weather permitting. Inclement weather postponed the project which was scheduled for earlier this week.

These county roads will be under construction between the hours of 7:30 A.M. and 5:00 P.M. each day, but will remain open to emergency vehicles and local traffic.

When traveling through these work areas, we ask that you please use caution, as there will be petroleum oils and sand on the roadway. Please keep children and pets out of the treated areas to avoid tracking into houses. Excess sand will be swept up on Thursday, May 20, 2010, weather permitting.

<b><u>Roads to be Sealed</u></b>	<b><u>From / To</u></b>	<b><u>Date(s)</u></b>
County Road 286	cul-de-sac to SR 368	05/19/10
County Road 272	C.R. 286 to SR 368	05/19/10

All scheduling is subject to weather conditions. We appreciate your cooperation during the construction and we apologize for any inconvenience. If you have any questions, please contact Pavement Technology Inc. at 1-800-333-6309.
